Derar Wadad,

first of all I hope that this year 2010 started in the best possible way and will continue so.

Second, I am writing you in order to ask you a favour. I was very impressed (as everyone I guess) by the video on Odette that was showed the first night of the thematic conference in Istanbul.

Indeed, I would be very interested in having a copy of such DVD. In fact, as you know, I teach at university and, usually, my students appreciate very much when I show them this kind of documents: it allows them getting to know real life and the real meaning of human rights. I am deeply convinced that they would be inspired by the example of Odette and, in some way, this would be a way to pay her an ongoing tribute.

Please, let me know if there is a way to obtaining a copy of that DVD and, in case, how should we proceed.

I thank you very much in advance for your attention, and, once more, I wish you all the best, Gabriella
