Dear Friends,

We are happy to share with you the English and Arabic hard copies of the Draft Law for the Missing and Forcibly Disappeared in Lebanon. You will also find Arabic copies of the Litigation Report drafted by Lawyer Nizar Saghie. If you would like more, kindly let us know. Also note that electronic copies are also available and we could share them with you upon your request.

These publications are part of the project "Lebanon's Unaddressed legacy: The Missing and The Families' Right to Know," funded by the European Union (EU) and The Embassy of Switzerland in Lebanon.

Best Regards,

Anne Massagee
